

We Make  
**HEALTH CARE**  
Happen

Hundreds of thousands of AFSCME members work in our nation's health care system — as nurses, aides, food service workers, custodians, technicians and doctors — doing the best job they can for patients under often trying circumstances. Join your brothers and sisters in the AFSCME Health Care Employees Network to discuss the issues you face at work, learn about what's going on around the country, and exchange information and ideas.

Join the AFSCME  
**Health Care  
Employees Network**
