

We Make **HIGHER EDUCATION** Happen

More than 100,000 AFSCME members around the country work in our nation's colleges and universities – teaching, doing research, keeping buildings and grounds clean and safe, serving good food to hungry students, providing financial and administrative services and in general making institutions of higher education good places to live and learn. Join your brothers and sisters in the AFSCME Higher Education Employees Network to discuss the concerns you share about your work, learn about what's going on around the country and exchange information and ideas.

Join the AFSCME **Higher Education Employees Network**
