

We Make

# HUMAN SERVICES

Happen

When a family needs assistance, a worker needs help finding a job, or a child is abused, AFSCME members are there to help — despite caseloads that are often too high, policies that are often unreasonable and budgets that are often cut to the bone. Join your brothers and sisters in the AFSCME Human Services Network to talk about the issues that concern you, learn about what's going on around the country and share information and ideas.
